Dear Colleagues

The following message will be sent to students today FYI.

WITS COVID-19 UPDATE (29) - STUDENTS TO RECEIVE AN ADDITIONAL 15GB OF DATA FOR THE NEXT 15 DAYS

Dear Students

We trust that you are healthy and that your studies are progressing well.

Wits University has negotiated with the four telecommunications companies to extend the provision of data to students for another 15 days. This means that students whose numbers are registered on the self-service portal will automatically receive an additional 15GB of data (5GB daytime and 10GB night express) from 21 May 2020 until 5 June 2020 in order to continue with the academic programme online.

The University is in the process of establishing a long-term solution for staff and students from 6 June 2020 onwards.

Please direct any data-related queries to DataHelp@wits.ac.za

We wish you all the best with your studies.

**SENIOR EXECUTIVE TEAM
